Yoruwi Park
Ah, damn it!

But was there really a need to under-go construction for a wall that was only a little bent?
Hm... I wonder too.
In fact, the house is ok. In-laws didn't do it on purpose
Oh my? You don't understand!
TOTALLY CONFIDENT
That was when I was starting out the series and didn't pay attention to the house!
That was My first comics! Look at it!

Aha, I'm so gratepul...
My father sent me to deliver gifts for the Governor elder, for finishing the construction without any problems.
This is worthy of celebration.
Eh?
What are you doing in our house.
Ah, What are you doing here?

Why didn't you come to my wedding though? Did you not know the date?
What are you talking about? I didn't go because it was your wedding.

Anyways, my little dove, which room would you like to use?

HMM~~
HM let's see..
Lee Sang-gong. Can you give this detached house to us?
detached house
living room
HM?
If it's detached. Then it will be quite far from our house.
No. It's better if it's further away
It might be troublesome if people mistake the Governor's house as a shaman's house..
Eh? What are you talking about..

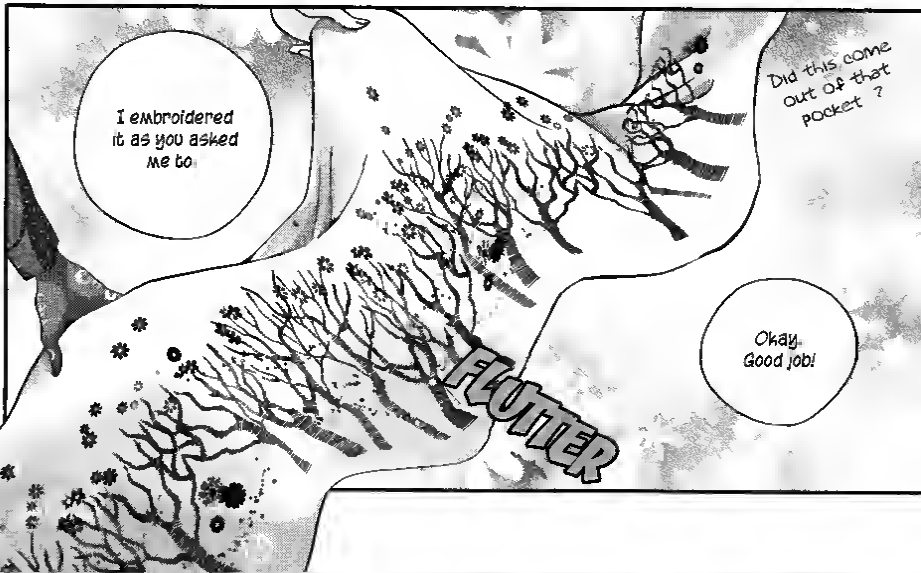
Now that we have our own house (detached) I tried to replicate our house in mount goldriver.
EEEH!? What's this? Talismans?!
Oho.. When did you... prepare all this?
Oh my... in-law dog... elder... When did you do all this without talking to the Governor...
Unscrupulous
Hi, it's a dog that speaks.
Our house... Cool
HHH
What is mine is Lee Sang-gongs what is Lee Sang-gong's is also mine. Please be quiet.

Dad! This— is this something to keep mom away, is it?
What's the point in that when she knows that we're here already.
This is a talisman to bring in good chi.

By the way, did you finish what I asked you to do?
Useless posing

Ah!

Um, well.. I did do it.



I embroidered it as you asked me to.
Did this come out of that pocket ?
FLUTTER
Okay. Good job!

Then plant them around here.
Aha~ I got it.

Hm. It's amazing no matter how many times I see this.

What...? Kyeong-eop, you... saw her doing that?
What are you talking about? Didn't she save you with that Taoist magic.
Ah... Maybe you don't remember since you fainted?
...

Dad... All done.
WHOOSH
Eek...
That's no face...
But, why...
Why are they all seedlings!
You ask why?!
You're telling me to embroider all of the trees, and flowers in just a few days? It's easy to say that! You try it yourself!
Be thankful that they're even seedlings!
Hey... This is all for you...
Che... I'll have to handle it myself.

Wow...
This looks just like our house...
even the spookiness
It's not just the appearance. I ordered special threads when embroidering these trees.
It's not night, this was drawn to give out the atmosphere.
each of the eight trees give marvelous fruits.
Oho~
But dad... Why didn't you grow this tree?
...
Hm, this tree is...
The dog not only speaks but even uses Taoist magic...

This tree is your height measuring tree!
What? Height measuring tree..?

Pfft..
Are you going to grow taller?
I mean you, not me
..It's just a reference. Move your hand, will you..?
If you build up your morals and your Taoist magic becomes higher, then this tree will grow.
And when this tree grows tall and grows leaves and flowers, then you might have enough Taoist magic to turn me back into a human.

Wow~!
This is so cool!
?!
Wha... Wh... Who...
What are you!
Gye-hwa (21), female servant working in Shibaek's house.
Well, hello there!
I'm called Gye-hwa~
Nice to meet you.

I was so despaired that I had this face and this big body as a child.

I, my lady, don't think that your lady's face is ominous at all. I will always stay by your side and support you!
Gye-hwa is going to stay together with you at the detached house.
She's very kind and she works very hard so she won't cause you any trouble.
I'll be in your care ♥
Ah...Yes...;;

What are they being so happy for..
That girl— something must've happened to her.
Huh?

Ah, well.. They said that her face wasn't originally like that.
Something... Came up on our wedding day...
a goddess something this something that... That she had a beautiful face or something..?
Ah, but do you think I'd believe that?! I just think that my father got scammed!
Hmm... I personally don't mind whether she originally had a beautiful face and only half her face to show or whatever but I think that she's way better than you who's nothing but a total asshole
What?

What might be the problem of having a little scary face when she has amazing talent.
...!

Is..
that so?
Haaa~
I'm so tired.
Yawn~
Ah~
I overworked

You did
